## **EXAMINER'S AMENDMENT AND ALLOWANCE**

### **Examiner's Amendment**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David A. Bilodeau (Reg. No. 42,325) on November 19, 2004.

The application has been amended as follows:

Amend claim 1 as follows:

At line 4, after the limitation "coordinates" insert "based on a symmetry of a Zernike/Pseudo-Zernike moment in the plane Cartesian coordinates" - -

Amend claim 9 as follows:

At line 6, after the limitation "moment" insert "based on a symmetry of a Zernike/Pseudo-Zernike moment in the plane orthogonal coordinates" - -

### **Allowance**

2. Claims 1-15 are allowed.
3. The following is an examiner's statement of reasons for allowance: as applicants properly point out, starting on page 11 of the remarks that Eisuma, et al fail to teach generating: a Zernike/pseudo-zernike moment basis function in a predetermined quadrant on plane Cartesian coordinates based on a symmetry of a Zernike/Pseudo-Zernike moment in the plane Cartesian coordinates as defined in independent claims 1 and 9; a Zernike/pseudo-zernike moment for all

quadrants from the Zernike/pseudo-zernike moment basis function on the quadrant by a symmetry of a Zernike/pseudo-zernike moment as defined in independent claims 6 and 10; and a Zernike/pseudo-zernike moment basis function in the quadrant by using a symmetry of a linear function passing the origin and having an absolute value of its slope of 1, as defined in independent claim 11. Hence, and in view of applicants' argument in combination with all of the other elements of the claims, the obviousness rejection thereof to independent claims 1, 6, and 9-10 is withdrawn, making independent claims 1, 6, 9-10 and newly added independent claim 11 allowable. Also, since claims 2-5, 7-8, and 12-15 further restrict these independent claims, they are allowable also.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
